

Fire Guidance UK LLP

Health and Safety Policy Statement

Fire Guidance UK LLP (hereinafter referred to as **FGUK**) is a specialist consulting company which offers services related to all matters of fire protection and safety.

FGUK recognises the importance of providing a safe and effective working environment for all involved in company activities. Whilst not required by law for a company with less than five employees, **FGUK** believes that the health and safety of its workforce is equally as important as the productivity of the company and is committed to the principles set out in this statement.

FGUK will take all reasonable and practicable measures required to meet its responsibility for the health and safety of its workforce including:

- The provision of a safe working environment;
- The provision and maintenance of any such equipment and materials (including PPE) as may be necessary for the carrying out of company activities;
- The carrying out of risk assessments (written or otherwise) in relation to any activities that may involve attendance on or at any site;

FGUK reviews this health and safety policy statement on an annual basis to account for any legislative changes that may occur from time to time, changes in **FGUK** operations and any other factors relevant at the time of review.

The **FGUK** health and safety policy statement is made freely available to **FGUK** employees, sub-contractors and suppliers and available on request to any other interested parties including members of the public.

The **FGUK** health and safety policy statement will also be made available, in due course, on the company website.
